New Information for Families Riding the Bus

Bus routes lists are shorter this year as many families have told us they are not riding the bus. If your name was left off, please let us know if you plan to have your child ride the bus.

We will have roof vents and windows open for more air circulations, so kids may want to bundle up more on the bus.

All students will be required to wear an approved face mask on the bus.

Buses will be sanitized daily by our drivers .

We will not be transporting kids to activities, birthday parties, and churches this year so that we can keep the buses less crowded and safer for all. Homes and daycares are our stops this year.
