Early Childhood Family Education offers classes for parents and their children ages newborn to not yet in kindergarten.

ECFE is a great opportunity for you to spend quality time with your child. ECFE is based on the belief that parents are a child's first and most important teachers and the home is a child's first learning environment. Most classes offer a time for the parents and children to interact together followed by a parent discussion group where you have a chance to share the joys and concerns of raising young children.

Fees can be waived with no questions asked. Attend the classes that will work for your family! You'll find out classroom at the east end of the building.

Check out the Underwood ECFE page on Facebook.

CLASSES

Our classes are for adults and kids and include stories, art, play, music, and large movement time. During parent discussion you will meet to share the joys of parenting as well as information about child development and parenting techniques. Our new room number is B132 in the east end of the school. You can park on the east end of the building near the outdoor blue panels.
